Guess what all the lab hamsters are talking about these days! Medical science has a brain tap for animals now that is really a brain tap.

It seems University of California scientists have established the means to draw "memory substance" from the brain of one hamster and inject it into the brain of another, different in that it had not shared the same experience.

And voila, the second hamster knows as much about the tricks contained in the memory substance from the first. One might call it instant knowledge, or in this case, "instant tricks."

The trick is to tap the bright brain and transfer the "memory substance" through a stomach injection into the second.

The possibilities for such exercises are endless. The logical expectation is that what they do with hamsters they will at least consider doing with higher animals and finally humans.

And boy, what the cynic can do with that one.

One writer, Don McLean, quoted in The Hemet, Calif., News, writes: "In another area, true meetings of the minds might be possible. World leaders might just exchange shots and, in a flash, everyone would agree on everything...."

Of course hamsters aren't people, but there are more people than hamsters, we're guessing and as soon as more people review their social security numbers, zip code, service number, area-code phone number and so on, they might decide "if hamsters can learn that way, why can't we."

We could consider working out a memory substance from the biggest computer cataloging the most information from the best brains. And then we could get a stomach injection and forget about learning any part of that stuff.

That's the way with hamsters these days.

PAGEANT CAST — These youngsters will portray Biblical characters in a pageant twice nightly 6 and 7:15 p.m. December 22 and 23 at Cameron First Methodist Church. Among the cast of

15 are: Harry Perrin and Inez Evans, kneeling at the cradle, Mark Humble and Eugene Wallace as Shepherd and Wiseman, and Gail Jeter, the Angel.

For Class A State Title . . .

OJT, Sweeney To Play Here

A state final playoff for a Negro schoolboy Class A grid championship will bring the Carver Wildcats of Sweeney against O. J. Thomas Bulldogs 8 p.m. Saturday at Yoe Field.

It is the first state finals playoff of any type held in Cameron. The Sweeney club defeated Wilbur Turner Tigers last week and agreed to play the finals championship against the Bulldogs on the Cameron field. OJT's Bulldogs had won a bi-district contest here over Cleveland Douglass 42-6 about three weeks ago.

O. J. THOMAS 8-2

The O. J. Thomas club, with an 8-2 record, the losses going to Elgin 3-8 and Bastrop 9-37 in non-district games, has routed their last two opponents, over Douglass

42-6 here, and over Trinity 40-3 there in the regional.

The Bulldogs were scheduled to play the winner of the Tatum-Garland regional in a semi-final game. But both teams defaulted when neither could establish the winner by penetrations. It was a tie.

Thus O. J. Thomas, led by quarterback Fred Kelley, has gained the One-A finals. The spectacular outcome followed OJT's winning their first 7-A district grid championship in perhaps 25 years of football.

Coaches for O. J. Thomas are: E. L. Aycox, G. R. Jackson and J. E. Petty.

The Carver Wildcats bring 10-1 record to Cameron, losing by a touchdown to a Bay City Club earlier in the season. Like Cameron Sweeney Carver is undefeated in district and playoff competition.

At stake is the Negro Class A football championship. Twenty-one districts of five teams each comprise the Texas-wide competition.

So Carver and O. J. Thomas are representing about 100 high schools of their enrollment.

QUARTERBACKS MATCHED

Carver's Samuel Thomas, a senior quarterback, is a good option play runner and passer. Aycox said. And Lloyd Ellis, a 225-pound guard, is a mainstay in the Carver line.

Kelley will key the O. J. Thomas offense with a scrambling ability that helps him clear tacklers for the long pass.

Bulldogs' regular season wins were: 46-20 over Belton, 23-14 over Hearne, 46-0 over Rosebud, 30-9 over Caldwell, 14-6 over Gause, and 33-24 over Calvert. They have scored 292 points to 136 for opponents.

Probable offensive starters are:

OJT	Pos.	Carver
Kelley	QB	Thomas
Holloway, W	FB	Bell
Knight	RB	Helm
Ray	LB	Grove
Rose	C	Williams, H.
Griffin	RG	Cockrell
Poole	LG	Ellis
Aycox	RT	Williams, P.
Fillmore	LT	Cassel
Rosemond	LE	Bess
Wright	RE	Stephens

Both teams field about 30 varsity players.

The O. J. Thomas band, will play during the game.

POSSIBLY CONTAMINATED . . .

'Ice Ball' Sale Halts

HEALTH UNIT ADVISES 'TURN THINGS BACK'

Dr. G. C. Swift, acting director of the Milam County Health Unit, received word from the State Health Department that plastic ice balls sold in Cameron may contain contaminated water and should not be sold for public consumption.

The novelty items, imported from Hong Kong, are colored plastic balls filled with water. They are frozen and used to cool drinks.

Members of the Cameron Delphian Club had sold the ice balls through a project sponsored by the Texas Federated Women's Clubs. Mrs. R. G. Graben, club president, said that about 4 dozen of the balls had been distributed in Cameron and all had been called back in by Wednesday.

The drink coolers have also been available through stores and mail order catalogues during the Christmas season. Dr. Swift urged anyone who had bought them to either return them or turn them into the Health Unit.

Arkansas' Health Department first detected the contaminated ice balls. Their chemists reportedly found four types of organisms in water from the balls which could cause intestinal disease.

Dr. Swift said that cases of intestinal flu reported in Milam County the past few weeks had no relation to the plastic balls.

Dr. Swift was notified of the ban on the sale of the plastic ice balls by a telegram from J. E. Peavy, Commissioner of Health, Austin.

The telegram read: "Samples of drink coolers identified as 'Ice Balls' and 'Ice Kools' imported from Japan and Hong Kong have been reported to be contaminated with bacterial contaminants. Confirmation of contamination, products should not be sold for public consumption."

Extra Care Urged

Against Holiday Fire

The Cameron Volunteer Fire Department urges residents to have a Merry Christmas with fire-safe trees, fire-safe lighting, fire-safe decorations and wrappings and fire-safe gifts.

Fire, that unwelcome visitor, never takes a holiday, even on Christmas. Fire records in past years show that the holiday season is an easy time to be heedless, but celebrations and decorations which introduce many added hazards make extra care essential.

So, the Cameron Volunteer Firemen say, please don't open the doors of your home to the deadly fires which can transform a joyous celebration into a tragedy.

From left: Coaches Kirk, Maler, Elliott, Fuqua and Wilkins

Coaching Tribute . . .

Dinner Honors Kirk, Staff

About 25 Yoeman grid boosters Monday night applauded head coach George Kirk and his staff in the first Coaches Appreciation Dinner in years here.

The dinner paid tribute to Kirk's second consecutive Yoeman 17-AA District championship and first Yoeman regional finalist team (11-1) since the early 1950's.

YHS coaches and wives honored at the head table were Coach and Mrs. Kirk, Coach and Mrs. Ken Fuqua, Coach and Mrs. John Wilkins, Coach and Mrs. John Elliott and junior high coach and scout Robert Maler.

"These have been the happiest two and a half years of my life," Kirk told his admirers at the Methodist Fellowship Hall dinner. He came to Yoe High School in the fall of 1963.

Former Temple coach Jay Fikes, who started Cameron's head coach on his career, recognized Kirk's enthusiasm and coaching ability as early as the fall after he graduated from Littlefield High School.

UNDEFEATED SEVENTH

Fikes said Kirk was asked to coach the Littlefield seventh grade football team, though he (Kirk) had just completed high school. And Kirk coached the seventh graders that year to an undefeated season.

Fikes said this will stand as a record since interscholastic rules now require full-time coaches in Texas schoolboy sports.

But after college at Texas Christian University and a tour of service, Kirk again joined Fikes, then head coach in Temple, and de-

veloped an undefeated E-team there soon after joining the Temple staff.

To Citizens of Cameron:

Words can never express our gratitude for the appreciation dinner given to the Yoe High Coaching Staff. We wish to thank each person who had any part in making this occasion so very memorable to us. The spirit and loyalty of the Yoeman fans is exceeded only by their great generosity. We are thankful for our many Cameron friends as well as for our coaches. Again, may we say thank you from the depths of our hearts.

Sincerely,
Coach and Mrs. George Kirk

A brief three-scene skit depicted Coach Kirk's life and included players Eugene Wallace, Mike McDaniel, Mack McKinney and James Hosh, four of six all-district Yoemen this fall. Rev. James Lafferty, pastor of Cameron First Baptist Church, introduced the skit.

Tribute to the coaches' wives

was made by Mrs. Dorothy McDaniel, and to the coaches by I. N. Hughes and griddle Don Manley. Both Hughes and Manley stated their appreciation in behalf of players' parents and players themselves for the example set by Kirk and his staff throughout the year.

GIFTS PRESENTED

Gene Smitherman, master of ceremonies, added his tribute and introduced Richard Williams, chairman of the banquet committee, who presented gifts to the five coaches.

Gifts earlier were presented to the four coaches' wives.

Williams said he hoped the gifts showed part of the appreciation the people of Cameron felt for efforts of Kirk and staff and thanked a committee of 15 and about 35 other workers who planned the buffet dinner and program.

Decorations included footballs at points along the five main tables and "Y" streamers in maroon and gray along the walls. A miniature goal post emblazoned "Champs '65" stood at the speaker's stand.

Artist Prefers Order In Technic

By Frank M. Luecke

Joseph Fleck explodes in conversation and teens with Old World impressions of New World

art and life.

He is dogmatic, quite firm about both, a Prussian strength and Austrian flair combining in a precise authoritarian, and is an artist of note whose unmonocled eyes might be, had the first Great War gone otherwise.

At 72, Fleck fairly bristles at less than orderly art, a difficult judgment in a 20th Century of art chaos, which, trying to cope with immense social disorder, deeply disturbs an Old School artist of his rank.

His opinion of Pablo Picasso's complex artistic meanderings of late indicts the Spanish leftist as "infantile," and charges him with some kind of artistic waste in his later years. Picasso, whose genius has innovated through several "schools," is 25.

One either has great artistic sense or considerable bravado to dismiss a Picasso. Or one is an artist whose license is akin to the poet's, except the artist uses words like sledgehammers and employs his deftness at the easel.

Fleck's art is strong, and the record in art of this former lieutenant in the WW I Austro-Hungarian Army is consistently high since he began painting, like Picasso, at 14.

VIENNA INSTITUTE

He was born in Vienna, long the cultural center of Central Europe. And he attended public schools until he entered Vienna's Royal Academy of Fine Arts, where he graduated. As well, he studied at the Institute of Graphic Arts of Vienna. His interest in lithography, now dormant, he says, due to the lack of skilled lithographers to use his work, stems from this training.

See ARTIST Page 4

5 Wells Drilled In Milam Field

By Lloyd Albertson

Milam County, which has had oil production for over forty years, soon will have natural gas production also with the completion of plans to develop a shallow field in the Rice schoolhouse area.

J. A. Tong and Associates of Louisiana and Houston have drilled five gas wells on the 2700 acre lease block they assembled in the area several months ago. The wells are located on the Henry Pattillo 534 acre tract and adjoining Cochran land. The company at present is completing tests of the wells and preparing to build a 11,000 foot pipeline to connect with Lone Star Gas Company's line near Minerva. Lone Star will purchase the gas from the field.

One of the wells was drilled about ten years ago on the Pattillo acreage by John Kraaker of Tyler and plugged, then re-worked this spring by Tong. The others were drilled by the company this

summer and fall. Depth is about 1,100 feet.

The new field has been designated the Minerva - Rockdale - McIntosh gas field by the Railroad Commission's Oil and Gas Division office. The McIntosh is a gas-bearing formation and lies above the Navarro, Milam County's shallow oil formation. It is estimated the field will produce 375,000 cubic feet of gas per day at the outset and more as other wells are drilled.

A. W. McCullin, Cameron oilman, is assisting Tong and Associates in the development of the field.

This is the first attempt at developing gas production in Milam County in over a decade. About 1953 D. H. Byrd, a Dallas operator, drilled the No. 1 Lucinda Greene five miles north of Gause, which produced gas and distillate from the Glen Rose at 7,800 feet. The well later was ruined by salt water and was abandoned.

LANDSCAPES - These oil landscapes, from the brush of Joseph A. Fleck, staying in Cameron during his wife's convalescence from accident injuries, are two of three

Fleck works being kept at the home of James Brock, Cameron artist. A showing of 23 of Fleck's paintings closed last week in the Dallas North Galleries.

Yoemen Place Second In Round Rock Tournament

The Cameron Yoemen basketball team came back from their first loss of the season to Mexia and won second place in the Round Rock tournament. They beat the host team, Round Rock, in their opener by the score of 40-29. The leading scorers for the Yoemen in that game were James Hoskins and Mack McKinney with 13 points. Both were selected to the All-Tournament team. James Vogelsang contributed 7 points. Wayne Kirk 6 points and Steve Smith 2 points.

Round Rock's scoring was led by Warcken with 18 points. Second was Nelson and Swindall with 4 points and Labit with 3. Box score for Cameron was 12 field goals, 17 free throws, 16 personal fouls. The Yoemen scored 40 points.

State Draft Call For January '66 Under December

Texas draft boards will induct 1,475 men into the armed forces in January. Col. Morris S. Schwarz, state Selective Service director, said Friday.

This compares with a quota of 1,523 in December and 1,456 in November. The January quota of 1,475 men is the Texas share of a national call for 38,280 men, 29,300 for the Army and 8,980 for the Marine Corps.

Colonel Schwartz also announced that 9,575 men will be forwarded to examining and entrance stations during January to undergo the draft physical and mental examinations.

The January quota for induction will be filled with single and childless married men, 19 through 25 years old, and volunteers who have not attained age 26. No married men with children or an expected child will be selected to fill the January call.

Aluminum Industry Sees Record Year

NEW YORK — Production of primary aluminum in the United States in 1965 will rise an estimated 7.7 per cent to a record 2,750,000 tons, The Aluminum Association estimated today.

S. L. Goldsmith Jr., executive vice president of the trade group compared the 1965 total with the 2,552,747 tons produced a year ago.

Earlier, Association president William T. Ingram reported that shipments of primary aluminum ingot and mill products during 1965 will total about 8.06 billion pounds, for an increase of 12.4 per cent from 1964's 7.17 billion pounds.

In his announcement today, Goldsmith said that extruded products will show a sharp rise of over 14 per cent in shipments during 1965, to nearly 1,500 million pounds, against 1,304 million pounds in 1964.

Sheet and plate shipments will rise approximately 12 per cent in 1965 to about 2,640 million pounds from 2,358 million pounds the previous year.

Aluminum foil shipments also will show gains during 1965, rising 6.5 per cent to more than 390 million pounds, compared to 367 million pounds in 1964.

Mr. Jess Wilson was re-admitted to Richards Hospital Saturday for some more tests as he had been running a temperature for several days.

Prune Animals

The moisturized California prune is pretty tricky as a turtle, fish, owl or cat. Make these little prune figures for a treat any time of the year. These clever, eye catching, perky animals make a nutritious, energy pick-up for the youngsters — as good as candy but more nutritious, healthful and satisfying.

The California prune can change hats, too, to "dress" a party place card favor. Use colorful construction paper or foil to make any of these hats — witch, Santa Claus, cowboy, space-helmet, etc. Press a whole prune to stand on a place card and place hat on top.

Prune Animals

1 box (1 lb.) large California prunes
Marshmallows
Gum drops
Raisins
Glaze fruits

Peanuts
Toothpicks
Paper clips
Ribbon bows

Turtle — Flatten one prune. Snip five holes in prune. Insert golden raisins for legs, a peanut for head. Make eyes of glaze cherries. Finish with crosswise cut at back of prune and pull up for tail.

Fish — Push prune to make one flat side and triangular shape. Cut slit in end and insert a fan-shaped piece of gum drop for tail. Cut small pieces of gum drop for eyes and mouth.

Cat — Cut notches in top of prune to form ears. Straighten paper clip and insert through one prune and into notched prune. Curl end of exposed paper clip and attach bow. Make eyes of marshmallows and cross toothpicks 1/4-inch under eyes for whiskers.

Owl — Attach two whole prunes together side-by-side with toothpick. Cut notch in whole end of half of another prune and form ears. Place cut end of half prune between body prunes. Make eyes of golden raisins and nose of glaze cherry.

1 box (1 lb.) large prunes makes:
40 turtles or fish
20 cats
14 owls

CYO Play Wins First In Austin

Cameron CYO won first place in Austin Diocese One Act Play competition Sunday at St. Austin's Church, Austin.

Cameron CYO has won the coveted first place for three of the past 4 years.

The play, "Short of Murder," was directed by Monica Mikula. Included in the cast were: Bobby Schiller, Sandra Barta, Johnny Fuller, Richard Schiller, Gloria Mayer, Anita Litzman, Arthur Jistel, George Pavelek, and Gwen Jistel. Assisting with make-up were Maribeth McDonald and Bucky Wilkinson.

George Pavelek was chosen best actor of the diocese.

Baptist Choir Will Sing Cantata Dec. 19

ROGERS

The Christmas cantata "Born a King" by John W. Peterson, will be presented by the sanctuary choir of the First Baptist Church of Rogers on Sunday night, December 19, at 7 o'clock in the auditorium of the church. Larry Guess is director of the choir and Wray Durnal will be narrator.

Soloists for the cantata will be Marvin Ralston, David Wright, Bob

Green, Mary Faye Wright and Mrs. Pat Northam. Other choir members are Charles Conner, Pat Harper, Pam Gotcher, Mrs. E. A. Smith Jr., Jean Petty, Mrs. Ed Senkel, Ed Senkel, Glenn Henderson, Mrs. B. F. Harbour, Jean Ricks, Barbara Warwick, Vicki Ray, Mrs. Clayton Clowers, Mrs. Lloyd Warwick, Brenda Lammon, Linda Keith, Mrs. H. H. Wright, Mollene Gotcher, Mrs. Marvin Ralston is pianist and Mrs. Milton Keith is organist.

Yoemen In A&M Tournev Tonight

The Yoemen basketball team travels to A&M Consolidated today (Thursday) to vie in tournament play. Leading the Yoemen in scoring are Mack McKinney with a 13 point average through four games, James Hoskins with a 7 point average and James Vogelsang with a 6 point average.

The Yoemen have a season record of 2 wins and 2 losses. The twin losses came at the hands of the Mexia Black Cats and the Hutto Hippos. The Hippos beat the Yoemen in the finals of the Round Rock tournament by the slim margin of 5 points, 36-31. The Yoemen lost a close one in the season opener to the Mexia team 39-37.

Good news for telephone users:

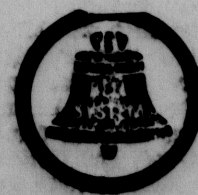

Telephone excise tax reduction goes into effect January 1 for Texas customers

Effective January 1, 1966, the Federal Excise Tax on telephone service will be reduced from 10 to 3 per cent. Following the initial drop, the tax will be lowered 1 per cent each year until it is eliminated in 1969.

Telephone users will receive the full cash benefit from this tax reduction. The tax, which is levied directly on those who use telephone service, has been included on monthly telephone bills, and each month your tax payment has been sent on to the federal government. In effect, the telephone company has been a collection agency.

When the excise tax is eliminated in 1969, telephone users in Texas will save more than \$50 million annually. This will mean more than \$4 million a month added to Texans' spendable income.

—IN THE SERVICE—

CAMP SPRINGS, Md. Staff Sergeant Roman F. Marak Jr., son of Mrs. A. C. DuBois of 6838 Newcome Drive, San Antonio, has been awarded the U.S. Air Force Commendation Medal at Andrews AFB, Md.

Sgt. Marak, an administrative supervisor, received the medal for meritorious service at Midland RAF Station, England.

He now is on duty at Andrews as a member of the Headquarters

Command, USAF, which supports and services Air Force headquarters in the Pentagon and other units in the Washington area.

The sergeant, whose father, Roman Marak, resides at 140 N. Crockett, Cameron, is a graduate of Yoe High School. He attended Allen Military Academy, Bryan, prior to entering the Air Force.

Sgt. Marak's wife is the former Margaret M. Brooks from England.

ARTIST—

Continued From Page 1

But his true love is the canvas and putting into water color and oil the Old School precision one finds quite difficult to identify in young artists.

Fleck has taught at the University of Kansas City, Mo., where he was also artist in residence and dean of fine arts, 1941-1946.

Among his credits are exhibitions of his work at the Carnegie International in 1928, San Francisco World's Fair, and the New York World's Fair. That, of course, is in this country.

PARIS EXHIBIT

His one-man exhibitions started with Bernheim-Jeune in Paris, 1931. He has painted in Paris, European center for 20th Century artists, and has exhibited at other times in the Museum of Fine Arts in Oklahoma City and Breckenridge Museum in San Antonio as a younger artist.

Just recently returned from Lisbon, Portugal, Fleck has painted in Spain and Dalmatia as well as Paris, and has done a great deal of his work at his Rancho de Taos, N. M., home. Taos is easily the artists' center of the Southwest, rivaling any other community in the nation for attraction of artists, who, like Fleck, find its color and landscape "magnificent."

His most recent exhibit was at Dallas North Galleries where he presented 22 of his paintings, ranging mostly in autumnal landscapes.

His awards include his most recent, the first prize among 118 entries, grand prize and purchase prize at the New Mexico State Fair, the Leon Gaspard Memorial Prize, 1964; the Morris Rosenwald Prize for Figure, 1957; Chicago Art Institute, the bronze medal, Kansas City Art Institute, 1957, and silver medal, 1930.

He has been doing portraiture in the Houston area of leading

CARD OF THANKS

We would like to express our appreciation for every act of kindness shown to us at the death of our loved one.

The family of
Myrtle Hall Konecny

"Seasons Greetings"

From
Ray L. Green, SMU,
Dallas, Texas

Mr. and Mrs. John C.
Green, US Army

Mr. and Mrs. H. L.
Green III, Houston

Mr. and Mrs. Leland
Green, Jr., Cameron

BIRTHS

To Mr. and Mrs. Harry (Jim) Johnston of Pittsburgh, Pa., a daughter, Sheryl Lynn, 7 pounds, born December 14 in Pittsburgh. Maternal grandparents are Mr. and Mrs. Emory B. Camp of Cameron.

To Mr. and Mrs. Tom Estes of Dallas, a daughter, Janet Ann, 8 pounds, born December 3 at Methodist Hospital, Dallas. Maternal grandmother is Mrs. August Knipp of Cameron.

business executives, including Earl North, and has done portrait work for wealthy subjects in Louisiana. And for his work, he gets several "top" dollars.

While waiting for Mrs. Fleck's recovery from accident injuries, the flamboyant artist has begun a portrait of Dr. C. G. Swift, Cameron physician attending his wife. He has placed three works, two in oil and a watercolor at the home of James Brock, a Cameron artist. He is painting Dr. Swift's picture in the studio of Mrs. Robert Elliott, another Cameron artist.

PROUD OF SON

His conversations cover a great deal of his travels and tell a great deal of pride in his son, Dr. Joseph A. Fleck Jr., a nuclear physicist at the Berkeley Campus of the University of California.

Dr. Fleck, the younger, is pioneering in research on the laser light, one use of which was made by the current Gemini 7 astronauts in making contact with earth stations. His son did his undergraduate work at Harvard, following prep school at Mt. Hermon, and did his doctoral work at Rice Institute. He has presented papers on his work before various scientific groups in Japan and Spain. His facility with languages has enabled the youthful scientist to present his work in several nations, Fleck points out.

Mr. Fleck is truly remarkable in his departure from the ordinary concept of the artist.

His continental training makes him, without doubt, a taskmaster for his art and for those in art around him.

Yoe Band Presents Christmas Concert

The Yoe High School Band will present a Christmas concert under the direction of Francis Cox at 7:30 p.m. Monday, December 20, in the National Guard Armory. Tickets for the concert are on sale at 50 cents for adults and 25 cents for children.

HOSPITAL NOTES

Among the patients at St. Edward Hospital this week are: Mrs. Lula Mancos, Leola Young, Mrs. R. Porter, Miss Minnie Stedman, Mr. Pete Bergum, Mrs. Lois Caldwell, Mrs. Ollie Weathers, Mrs. Fritz Schwarting, Mrs. Nora McKinney, Mrs. James Tucker, Mr. Luther McDonald, Mr. J. A. Cryer, Mrs. L. E. Thompson, Mrs. Frances Stalmach, Mrs. Joseph Fleck, Mr. Joseph Fleck.

Sugar 'n Spice and Everything Nice

Hurrah for mother, when she bakes a crock-full of our Spice 'n Mince Cookies! These tiny surprises are beloved by all, the perfect treat for the youngsters when they come in from a skating party or for dad when he opens his brief case for a late-evening work session.

The cookies are delicious, made with two instant foods you'll find indispensable baking supplies... canned mincemeat pie filling and a fragrant moist applesauce spice cake mix. The cake mix is the base of these cookies and takes just minutes to prepare; the fruit from the pie filling and chopped pecans add that something special flavor that help make these drop-type cookies so good to nibble. One package of cake mix makes quite an ample supply for your cookie jar, but the demand will be great, so don't expect them to last long.

The youngsters will find a cinnamon-spiced hot chocolate the ideal beverage with these fine cookies, while the adults may prefer their coffee or perhaps a spiced tea instead. Make the cookies for your family soon and see how popular you'll be!

Spice 'n Mince Cookies

1 package moist applesauce spice cake mix
1/2 cup flour
2 eggs
1 No. 2 can (2 cups) mincemeat pie filling
1/2 cup chopped pecans
Bake: 375° oven Yield: 6 1/2 to 7 doz.

Combine in large mixer bowl the dry cake mix, flour, eggs, mincemeat pie filling and pecans. Stir until ingredients are well-blended. Drop by rounded teaspoonfuls onto greased cookie sheet. Bake at 375° for 15 to 18 minutes.

Since 1860

Jones Prairie

By Mrs. R. K. Fontaine

Mrs. Elita Black and Mr. and Mrs. Frank Black and Dave, were weekend guests of their son and brother, Mr. and Mrs. Jack Black, in Port Lavaca.

Mr. and Mrs. Billy Winger of Huntsville were weekend guests of her mother, Mrs. R. K. Fontaine. Mr. and Mrs. Hope Jamison Jr. and children, Kaye and Jerry, and Miss Sally Jamison of Freeport were weekend guests of relatives here.

Rev. and Mrs. Don Callaway of

Fort Worth were overnight guests of Miss Susie and Mr. Burnett Atkinson. They were Sunday dinner guests of Mr. and Mrs. Harry White.

ful. When they run into a problem it doesn't take long for them to solve it.

Here's one for the book—and other fishermen: Use a tape recorder to unwind and store monofilament line. Hook the line onto an empty recorder reel and start the motor.

Reel can be held between your knees.

When the time comes to rewind the line onto your fishing reel,

run a pencil through the recorder reel. Then hold the pencil behind your knees and the reel between your knees. This way you can exert pressure with the knees to keep the line taut.

Rogers Church Calls New Pastor Rev. R. E. Hall

The First Baptist Church of Rogers has called Rev. Raymond E. Hall to assume the pastorate there the first Sunday in January.

Rev. Hall, presently pastor of the First Baptist Church at Ector

is a 1962 graduate of Wayland College, Plainview, and will graduate from Southwest Baptist Theological Seminary in Fort Worth next July. He was in the cattle business in West Texas before entering the ministry.

Rev. Hall's wife, Janice, also attended Wayland College. She teaches private music lessons in Ector. They have three children, Florida Gayle, 6, Joel Ray, 3, and Gailya Jan, 1.

Rev. Hall will succeed the Rev. John E. Witte who resigned from the Rogers Church to do mission work in Ohio. Dr. Arthur K. Tyson, president of Mary Hardin-Baylor College in Belton, is serving as interim pastor.

OUTDOOR TIPS

MAKE YOUR DOG HAPPY

It doesn't take much to make a bird dog happy. His life is made up of simple pleasures.

When hot weather comes, he relishes a patch of soft ground in the shade, on which to nap, with a pan of cool, fresh water within easy reach.

If you care for your dog, you'll see that he gets these physical comforts.

FINDING MOTOR LEAK

Have you ever had your outboard motor spring a leak that you could not find?

If so, try dusting a little talcum powder over your motor. In a few minutes the leak will stand out clearly against the white powder.

GIVING YOUR DOG MEDICINE

Does your sick dog stir up a storm when you try to give him a dose of medicine?

Don't try to ram the stuff down his throat. There's no need for unpleasantness.

Just pull out a corner of his lower lip and pour the liquid in. Then hold his jaws closed, raise his head and stroke his throat until the medicine is swallowed.

CLEANING A LEADER

To clean a leader that has picked up flotsam and fangs, or from contact with a freshly-dressed line, remove the fluid-soluble corker from a cigarette lighter and strip-clean the leader with it, rubbing it well. This works better than lime or detergent.

DOG—ONE GOOD FISH BAIT

If you want to create your own little fishing "hot spot" just take several cans of dog food—any brand—and punch holes in the end. Then tie these cans together with tough twine and sink them at your favorite fishing spot. In a day, or so, you should be

able to fill your stanger in a hurry—at that spot.

ICE FOR YOUR CAMP COOLER
Campers often are faced with the problem of not having enough ice.

Usually this is because the cubes they brought with them soon melted. Ice can be made to last much longer if, instead of filling the chest with conventional cubes, you freeze water in 2-quart or gallon milk cartons.

These king-size ice cubes melt much more slowly and they will last much, much longer if re-frozen in the deep freezer.

For Your Holiday Enjoyment

Make Wonderful Walnut Whirligigs For The Holiday Whirl

Out of this world are Chocolate Walnut Whirligigs. Little satellites of sheer satisfaction, they're an easy mixture of melted semi-sweet chocolate morsels, sour cream and other simple ingredients, shaped into balls, and then rolled twice in a tantalizing coating of California walnuts and wafer crumbs. The result is a confection sumptuous in texture, and ultra-elegant in flavor. Dark, rich, a treat for those who like sweets that have character, you'll find these elegancies extremely simple to make ahead, and keep chilled as holiday fare for choosy people.

Choco-Walnut Whirligigs

- | | |
|--|---|
| 1 6-ounce package (1 cup) semi-sweet chocolate morsels | 1/4 cup finely crushed vanilla wafers |
| 1/2 cup commercial sour cream | 1/4 cup sifted confectioners' sugar |
| 1 1/2 cups chopped California walnuts, divided | 1 tablespoon softened butter |
| 1/4 teaspoon salt, divided | 1 tablespoon quick chocolate-flavored mix |
| | 1 teaspoon rum flavoring |
| | 1 teaspoon water |

Melt semi-sweet chocolate morsels over hot (not boiling) water. Remove from water; stir in sour cream, 1/2 cup of the walnuts and 1/4 teaspoon of the salt. Chill until firm. Combine remaining 1 cup chopped walnuts, 1/4 teaspoon salt and remaining ingredients. Mix until crumbly. Form chilled semi-sweet mixture into 1-inch balls. Roll balls in crumb mixture twice. Chill.

YIELD: 2 dozen candies.
NOTE: Candies may be stored in refrigerator.

Open House Punch

A good punch recipe is a lifesaver during the holiday season. It comes to the rescue of many a harried host and hostess. It can be made ahead of time so there's no problem of concocting individual beverages during the party. Guests can help themselves which makes for informality and sociability. And best of all, a brimming bowl looks so festive and partyish.

The secret ingredient in a good punch is tea. The tea blends discreetly with other ingredients and gives body to the punch without masking the other flavors. Try this pretty rosy punch at a holiday open house. It's guaranteed to make guests come back for more.

Open House Punch

- | | |
|---|--|
| 1 quart cold water | 2 cans (46 ounces each) pineapple juice, chilled |
| 1/2 cup loose tea or 15 teabags | 6 tablespoons canned lemon juice, chilled |
| 3/4 cup sugar | 1 bottle (28 ounces) ginger ale, chilled |
| 4 bottles (1 pint each) cranberry juice cocktail, chilled | |

Bring water to full rolling boil; remove from heat; add tea all at once. Brew 4 minutes. Strain into punch bowl; add sugar and stir until dissolved. Cool at room temperature. Add chilled fruit juices. When ready to serve, add ginger ale and ice. Makes about 50 punch cup servings. Garnish with clove-studded lemon slices and cinnamon sticks, if desired.

Banker Surveys Causes, Effects Of Bank Discount Rate Increase

A Cameron banker last week pointed out some reasons for the recent one-half per cent increase in the government major money discount rate and probable effects of the change.

Addressing Cameron Rotarians last week, Hilliard S. Thomas, executive vice-president of Citizens National Bank, said that accelerated borrowing, maximum employment, the outflow of gold and a hedge against inflation caused the Federal Reserve Board's increasing the discount rate from 4 to 4 1/2 per cent.

Thomas foresaw no major effect on the outlook for the 1966 business year, which he termed should be a good year, but a year of consolidation.

NO SHORT TERM EFFECT

He said no short term effect will be felt except the likelihood of an increase in long-term real estate loans. Long term breaks following the increase, the third in two years, would include some rate adjustments on large loans (half million or more) and interest rates on long term investments.

"The country has had the longest economic expansion of its type in history, 58 months," Thomas said. "Heavy business equipment investment has increased 11 per cent this year over the same period a year ago, consumer goods output, 1 per cent up over a like period a year ago."

Unemployment for all workers is down to 4.3 per cent, lowest since August, 1957, and unemployment for married men, a better index of the employment picture, is down to 2.1 per cent as of October, 1965, lowest since 1955.

And, Thomas said, spending through loans from finance concerns like GMAC are \$300 million more than a year ago. Business loans in 105 major American cities are up \$8.5 billion over the same period a year ago.

Thomas said these facts plus the fact that estimated federal budget deficit for the year is \$2 to \$3 billion, due to the Vietnam acceleration, compared to an earlier estimate of \$3 billion, were in part basis for the Federal Reserve's action.

He said also the forecast budget for 1966 is now about \$110 billion compared to the original proposed budget of \$99.7 billion for fiscal 1965.

"This move is primarily a check on evident inflationary tendencies," Thomas said, "and on the outflow of gold."

Rising interest rates in Europe, he said later, caused the move of capital from the East to Europe and further disturbed the U.S.'s diminishing gold reserve. Monetary gold stock is down \$1.5 billion.

• Sharp

By Mrs. W. Schwarz.

Mr. and Mrs. J. D. Pope spent the weekend with their son and family, Mr. and Mrs. John D. Pope of Austin.

Mr. and Mrs. Tommie Romine and Mrs. Annie Hodge of Houston were weekend guests of their mother, Mrs. E. J. Rinn's brother Elmer, and sister, Miss Norma Rinn.

Miss Agnes Rinn and mother visited with Mr. Charlie Brockebush of Rockdale.

Mrs. Annie Abel visited with Mr. and Mrs. John Timmerman Sunday afternoon and visited with Mrs. Lorene Wenzel, Rockdale, also her mother in Boswell's Rest Home.

Mr. and Mrs. Carl Von Gonton of Buckholts spent a while Friday night with his sister, Mrs. Annie Abel.

Mr. Ed Echols was on his deer lease last weekend near Loreda. He bagged a big buck before he could find it the coyotes beat him to it.

Mrs. Wavy Charles was a recent shopper in Temple.

Mr. and Mrs. Clyde Aldridge of San Antonio visited their mother, Mrs. Eliza Davis, Wednesday and Thursday.

On Wednesday night, Dec. 22, at seven o'clock, Rev. Eastley will conduct a special Christmas service at Tracy Methodist.

Mrs. Annie, Mr. and Mrs. Willie Schwarz visited a while Saturday afternoon in the John Drummond home. Mrs. Annie visited with her brother Will Lustge and wife of Houston. They were here for the funeral of their sister, Mrs. Freda Seelke, of Rockdale.

Mr. and Mrs. Lenza Caffey attended the Sing Song service Sunday afternoon at Salty.

• Milano

By Mrs. John Myrick

MILANO

B. F. Bullock of Houston was greeting friends here last week. He also visited in the home of Mr. and Mrs. O. T. Bullock, Mrs. Bettye Bullock and other relatives.

Miss Margie Mann Alexander of Gause attended the funeral of Mrs. Eloise James Monday.

Mrs. Charlie Morgan is a patient in the Richards Hospital in Rockdale.

Mrs. J. D. McKinley of San Angelo is spending several days visiting in the home of her sister, Mr. and Mrs. Wesley Woods, and other relatives.

Gratt Sloan visited friends in Brenham Monday.

Mrs. Minnie Smith has returned home from St. Edward Hospital in Cameron where she was a patient several days.

Mrs. Ada Morgan of Brady is visiting in the home of her daughters, Mr. and Mrs. J. L. Hayman and Mr. and Mrs. Thornton Walker and other relatives.

Mr. and Mrs. F. B. Burks stopped in Temple Wednesday.

Archie Rhone of Comfort was greeting friends here Sunday.

Alfred Nichols of Temple and Tressie Nichols of Alvin visited in the home of Mr. and Mrs. Wesley Woods last week.

Mrs. H. C. Black of Temple visited in the home of her father, John Myrick, last week.

Things are different!

Remember the wonderful sights and smells at Grandma's during Christmastime?

She bustled around in a vaporous kitchen spiced with the smells of roast turkey, gingerbread, sweet potatoes, giblet gravy and pickled peaches. Up before dawn with a kerosene lamp lighting the way, she lit the fires of a giant wood stove. In the corner stood an evergreen, cut fresh from the woods and decorated with paper chains and strings of popcorn.

Grand days worth remembering.

Thankfully, the best of those holiday traditions still remain. But there's been a change. Turkeys are bigger and meatier. The old favorite recipes are just as tasty, but come easier, thanks to a whole new world of foods that are easier to prepare. Kitchen appliances are brighter, cleaner, more convenient. And of course, the woman of the house doesn't start off the day by coaxing heat from a balky wood stove.

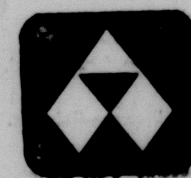

Alcoa Aluminum... much of it made right here in Texas by nearly 3,000 Texas Alcoans at Point Comfort Operations and Rockdale Works... can take a healthy share of credit for all these wonderful changes. Packages are easier to open. There are cookie sheets and foil for the turkey and these are only starters. What about the brighter, more beautiful and endurable, decorations? Have you seen how

this gay metal makes better cameras, and tackle boxes, and radios, and toys, and boats, and golf carts, and goodness knows what else?

Things are different.

And aren't you glad! We know Grandma would be.

Mrs. Clyde Wallace

Ceremony Unites Reichert' Wallace

Miss Virginia Reichert, daughter of Mr. and Mrs. Rufus Reichert of Cameron, and Mr. Clyde Wallace, son of Mrs. Esther Wallace, were united in marriage in a candlelight ceremony Dec. 10 at the First Presbyterian Church.

The Rev. Eugene Strickland read the double ring ceremony before an altar of greenery, bronze chrysanthemums and candelabra. Wedding music was furnished by Ladis Marek Jr., organist, and Mrs. Clifford Angell, sister of the groom, soloist.

Given in marriage by her brother, Preston Reichert, the bride wore a formal gown of peau de soie and Alencon lace featuring an oval neckline, fitted bodice and long tapered sleeves. The skirt was fashioned with inverted pleats and lace trimmed chapel train. A seeded pearl circular

crown held her bouffant elbow-length veil.

The bride's only jewelry was a pearl drop, gift of the bridegroom. She carried a cascade bouquet of white pom mums and stephanotis, centered with an orchid.

Mrs. Charles Brady Jr., sister of the bride, was matron of honor, and bridesmatron was Mrs. Preston Reichert. Their floor length gowns were olive green peau de soie with fitted bodice of embroidered satin. They wore long pale gold satin gloves and headpieces of matching peau de soie roses and tulle. Their bouquets were single bronze mums with gold leaves and velvet ribbon.

Best man was Clifford Angell, brother-in-law of the groom. Grady Allen Jr., was groomsman. Max Shuermate and Jimmy Reichert, brother of the bride, were

ushers.

The mother of the bride wore a blue wool knit suit and the groom's mother wore a green and gold raw silk dress. Both wore corsages of pom mums to match.

Mrs. Wallace was hostess for the rehearsal coffee Thursday night.

At the reception following the ceremony, Mrs. Charles Evan presided at the wedding book. Mrs. Bill Bartlett, Mrs. Clifford Angell and Mrs. Grady Allen served cake and punch.

For her going away dress the bride chose a mist blue wool suit with beige accessories and the orchid from her bridal bouquet. After a short wedding trip the couple will be at home in Cameron where both are employed.

Civic Garden Club
Program Theme Is
Christmas Glamour

A demonstration entitled "Christmas Glamour," was presented Thursday morning for a meeting of the Civic Garden Club at the home of Mrs. Joe J. Heitman of 1203 North Jackson. Mrs. J. A. Bowling was co-hostess.

Mrs. Heitman presented the program. She showed the group a wide variety of unusual decorations to brighten the home for the holiday season. The decorations were displayed throughout the house. Many of the items were made from scraps and pieces, glue and glitter and otherwise discarded things found around the home.

Mrs. Heitman's current project is the creation of Christmas tree ornaments. The decorations are made from styrofoam balls, covered with velvet ribbon, sequins and bits of costume jewelry. It takes Mrs. Heitman a number of hours to make each ornament and she hopes to have made enough to decorate her tree by next year. She displayed an elegant array of these baubles, bangles and beads.

The hostesses served cranberry punch, miniature Christmas tree cheeses, and snow ball cakes with holly leaves and red candles. The centerpiece which complemented the refreshment table was a gold candelabra with white candles entwined with pink glitter roses, pink balls and miniature deer.

A short business meeting was conducted by the president after the program. Mrs. Gib Terry won the door prize.

Fourteen members of the club and one guest, Mrs. Charles Hensley, attended.

Mueck Cited For Management

Joe Paul Mueck, the son of Mr. and Mrs. Joe Mueck, Route 1, Cameron, has been named first place winner of the area Future Farmers of America's "Soil and Water Management" contest. The contest is one of several sponsored by the National Future Farmers of America's Foundation Awards Program, according to Cornelius Tittsworth, Cameron Vocational Agriculture teacher.

A senior at Yoe High School, Joe Paul was a member of the 1965 Yoeman football squad and has completed three years of Vocational Agriculture. During these three years he has worked hard and last summer received the Lone Star Farmer Degree at the State Future Farmers of America Convention that was held in Houston.

One of the requirements for Joe to participate in the Soil and Water Management Awards Program is that he be a Lone Star Farmer. In addition to this requirement, it was necessary for him to carry out certain supervised farming practices dealing with soil and water conservation. He has attained this by working closely with his

father helping him to carry out a complete conservation plan on their farm. His father was a nominee for the Outstanding Conservation Farmer Award in the Central Texas Soil Conservation District.

Joe assisted his father in carrying out such conservation practices as pasture planting, conservation cropping systems, the planting and management of cover crops, the installation of an irrigation system, the proper management of irrigation water, the installation of grassed waterways, parallel terraces, and others.

A sincere desire and interest in farming and conservation is shown by Joe's being named the first place winner of the "Soil and Water Management" Awards Program from among 5,200 boys in Area III, Future Farmers of America.

He will continue his education after graduation from high school by attending college with his major course of study in the field of agriculture.

'Deck The Halls' Is Program For Fleur de lis Club

Deck the Halls was the program for the Fleur-de-lis Garden Club Christmas meeting Tuesday evening at the home of Mrs. Don Humble.

Mrs. Charles Chandler was co-hostess and the program was presented by Mrs. J. J. Heitman, Mrs. Jimmy Lester and Mrs. George Hollas.

New ideas for handcrafted holiday gifts included covered hangers for children, string holders, napkin holders and velvet and gold covered cookie tins. Another new idea on display was a gift of homemade jelly topped with paraffin sparkling with sequins.

Decorative ideas included velvet and jewel encrusted tree ornaments, painted pine cones, wreaths and table arrangements. Following the program coffee and cherry meringues were served. A green holiday cloth with red sequined poinsettias covered the serving table.

Club members brought Christmas miniatures to be placed in local hospital and nursing home rooms. Guests included Mrs. Lloyd Adams, Mrs. James Camp and Mrs. Dana Kestenbaum.

A Ham And Cheese Sandwich That's Really Different

It's called Spiedino, Italian in origin, and is one of the most unusual ham and cheese sandwiches ever made. Pieces of bread are strung on a skewer alternating with ham and cheese. Then the skewered sandwich is batter dipped and fried in deep fat. Although the Italians serve it with a Caper Sauce, the recipe for which is given here, you also can serve it with tomato sauce.

Spiedino
8 slices white bread 1/2 pound cooked ham, cut in 1/4-inch slices
1/2 pound Mozzarella or Muenster cheese, thinly sliced 1 recipe Batter
Corn oil for frying

Trim crusts from bread, then cut each slice in half. Cut slices of cheese and ham the same size as bread. Place on 4 or 5-inch metal skewers, in this order: bread, cheese, ham, cheese, repeating the order three times and ending with a piece of bread. Dust skewered sandwich lightly with flour. Dip in batter; drain. Meanwhile, pour corn oil into a sturdy, flat bottomed kettle or deep fryer, filling utensil 1/4 full. Heat over medium heat to 375 degrees F., or until 1 inch cube of bread turns brown in 40 seconds. Fry spiedino, turning as needed, until light golden brown on all sides. Drain on absorbent paper. Remove from skewers and serve hot with Caper Sauce, or any tomato sauce. Makes 4 servings.

Batter: Sift 3/4 cup sifted flour and 1/4 cup corn starch together into bowl. Stir in 1 cup water, then 1 egg. Beat with wire whip or rotary beater until smooth and frothy.

Caper Sauce
1 tablespoon corn oil 2 teaspoons Soy sauce
1 tablespoon corn starch 1 tablespoon capers
1 teaspoon sugar 1 tablespoon finely chopped parsley
2/3 cup water
1 bouillon cube

Heat corn oil in saucepan; add corn starch and sugar. Blend well. Gradually add water, mixing until smooth. Cook over medium heat, stirring constantly, until mixture thickens slightly and comes to a boil. Add bouillon cube and soy sauce; bring to a boil again, stirring constantly, until bouillon cube is dissolved. Remove from heat; stir in capers and parsley. Serve warm over spiedino.

Presbyterian Church Has Christmas Party

A covered dish supper, Christmas tree and Santa Claus combined to make the First Presbyterian Church Christmas party a memorable event.

Families met at the Church Wednesday night for supper followed by the Joy Gift program and a visit from Santa.

History Club Has Christmas Party

Mrs. S. A. Cottle was hostess for the History Club Christmas party at her home Tuesday afternoon.

Members answered roll with interesting Christmas stories or memories and gifts were exchanged.

Cookies and fruit cup with whipped cream were served during the social hour. Mrs. John Martin assisted the hostess.

PERSONALS-

Among guests at the Leland Green's last weekend were Ray Green, now assistant football coach at Southern Methodist University, Dallas, Mr. and Mrs. John C. Green of California and Mr. and Mrs. H. L. Green III and children of Houston.

Mr. and Mrs. Jack DuBois were weekend visitors in San Marcos and attended the University of Texas Christmas concert in Austin Sunday afternoon.

Mrs. George Graves will spend the Christmas holidays with her sister and family in Tulsa.

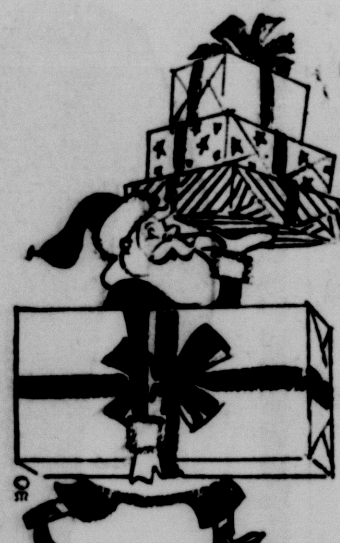

Mrs. R. D. Brown will spend Christmas with her sister in Tulsa.

Mrs. J. E. Gibson is in Virginia visiting her daughter and family over the holidays.

John M. Tucker House

Anecdote Recalled In Story About John M. Tucker Home

A sequel to the legendary "Casey at the Bat" may not seem to have any connection with the J. M. Tucker home, but one of the Tucker family's offspring years ago saw to that.

He was Edgar L. Tucker, a descendant of John M. Tucker, who acquired this week's Cameron History House in the early 1880's.

The Tucker families were early settlers in Cameron, coming to this community before the Civil War. The house was situated on the southeast corner of Block 3 of Freeman addition, that area adjoining the present Cameron Park (Little League Field) and formerly the site of the old Milam Liberal Institute.

John M. Tucker made this house the family home until his death in 1924. Fred J. Jackson acquired the house from the Tucker heirs in 1928 and 10 years later conveyed it to his sister-in-law, Mrs. Edith M. Jackson.

Edgar L. Tucker was one of four sons and a daughter born to the John M. Tuckers. They were: J. Milton, Martin L., Wilbur C.

Burlington

Mr. and Mrs. Rudy Wunsch of Barclay visited Mr. and Mrs. A. E. Hensel here Sunday.

Mr. and Mrs. Sam Ferguson of Temple were guests of Mr. and Mrs. Roy Lindsey here recently.

Mrs. Ray Schonhoff has been ill for a few days.

Mrs. Roy Lindsey Sr. of Burlington and Mrs. George Logan of Rosebud made a trip to Marlin recently and did some shopping and visited the hot wells and got water. They visited the turkey farm and saw how nice it was. They also visited a local cemetery.

Mrs. Alice Lindsey has visited her sister, Mrs. Lola Ray, who has been very ill in Rogers.

Postmaster and Mrs. Walter G. Marek and Charles and Brenda of Burlington have returned from Dallas where they visited Mr. and Mrs. Bill Marek.

Mr. and Mrs. Joe Ralston of Temple were recent guests of relatives here.

The following have visited relatives here: Miss Ruth Barkameyer of Austin, Mr. and Mrs. Eugene Barkameyer and baby of Liberty. Eugene is with the Soil Conservation Service at Liberty. Ruth teaches at Austin.

Miss Francis Hargrove of Rosebud spent last weekend in Rosebud with her grandmother, Mrs. F. H. Wied.

Mrs. J. C. Hargrove and daughters of Rosebud visited relatives here Sunday.

On December 7 Mrs. Joe O'Neill of Waco had a birthday. She and her mother, Mrs. F. H. Wied, had dinner together at her home in Waco.

and Edgar L. Tucker, and sister Ruth Tucker.

Son Edgar and his cousin, Willie Tucker, were quite the baseball players and played on Cameron's Comets, the first and only local professional baseball team, organized earlier in the century by William Rogers, among others. Older residents will recall Jack Lewis, formerly of Cameron, was one of the players.

But local observers recall how Edgar approached the home plate when he was to bat. And there is the sequel to "Casey at the Bat."

It seems Ed would approach the batter's box, turn to the grandstand and doff his hat to the crowd. Then he would introduce himself grandly as Edgar L. Tucker and assure the onlookers that he would hit a homerun.

He usually did.

But the inevitable happened. After his customary introduction, he turned to the pitcher, who unceremoniously struck him out. Chance and the crowd, that time, must have smiled.

All was not fun for the Tuckers though. Mr. Tucker owned and operated one of the earliest soda fountains in Cameron, located in a building prior to the one now occupied by Sears.

Services Here For Mrs. John Severs, Burial At San Saba

Mrs. John R. Severs, 66, died in a local hospital at 7 a.m. Monday. She had been in declining health for several months.

Funeral services will be held 11 a.m. Saturday, December 11, in the Chapel of Green's Funeral Home, Cameron, with Rev. Anthony Thibodeaux officiating. Graveside services will be held at 3:30 p.m. Saturday in the San Saba City Cemetery, San Saba.

Survivors are her husband, three daughters, Mrs. Virginia Barrington of Waco, Mrs. Herbert Baggerly of Cameron and Mrs. Carl Jones of Bryan, two sons, Robert Bell of California and John Severs of Denver, Colo., four brothers, Charlie, John and Ernie McFarland of Brady and Hampton McFarland of Brownwood.

HOMEMADE SQUIRREL CALL

Old-time pioneer squirrel hunters owned no such thing as a commercially manufactured squirrel call. So they had to depend on their own ingenuity to make a call.

One of the best was made by rubbing a wet whiskey bottle cork across the smooth surface of a piece of window glass.

If you're going to try it, of course, you really needn't limit yourself to this specific type of cork.

Christmas Cantata At Baptist Church

The Adult Choir of the First Baptist Church will present a Christmas Cantata "Born A King" at 7:30 p.m. Sunday, December 19. Emmet Carson will direct the program of religious music.

Following the program a "White Christmas" food offering will be accepted for Christmas baskets for needy families. Non-perishable food stuffs wrapped in white paper and labeled as to contents will be placed around the rostrum.

Federal Land Bank Joins Info Program

The Federal Land Bank Association of Temple will join in a national program of public information keyed to the 50th Anniversary of the Federal Land Bank System. The Temple Association, along with some 700 other associations and the twelve Federal Land Banks, will participate.

V. G. Forrester, the Association manager, stated that large segments of the country's population, such as city dwellers, factory workers and the like, are not aware of the vital part which agricultural people take in adding to the basic strength of the nation.

With agriculture moving into a "challenging new era of development for rural America and of production for the world-wide battle against hunger," it becomes increasingly necessary that the true, complete story of agricultural progress and potentials be told, he said.

Sam Hays Dies In Waco, Services Here

Funeral services for Sam Hays, 78, of Waco, who passed away Monday morning in Waco, were held at 2:30 p.m. Tuesday in the chapel of Green Funeral Home in Cameron with Rev. H. M. Gowley officiating. Burial was in Woodland Cemetery in Rosebud.

Mr. Hays was a resident of Cameron for many years before he moved to Waco. He had been ill for the past three weeks.

Surviving are one son, Chester Hays of Cameron, two daughters, Mrs. Ruth Crawford of Alvin and Mrs. Willie Brislin of Houston.

Services In Milano For Mrs. Fred James

Funeral services for Mrs. Eloise James, 38, who died in a Temple hospital Saturday afternoon were held at the First Baptist Church in Milano at 2:30 p.m. Monday. Rev. Allen Cearley of Milano and Rev. Russell Lovell of Houston officiated.

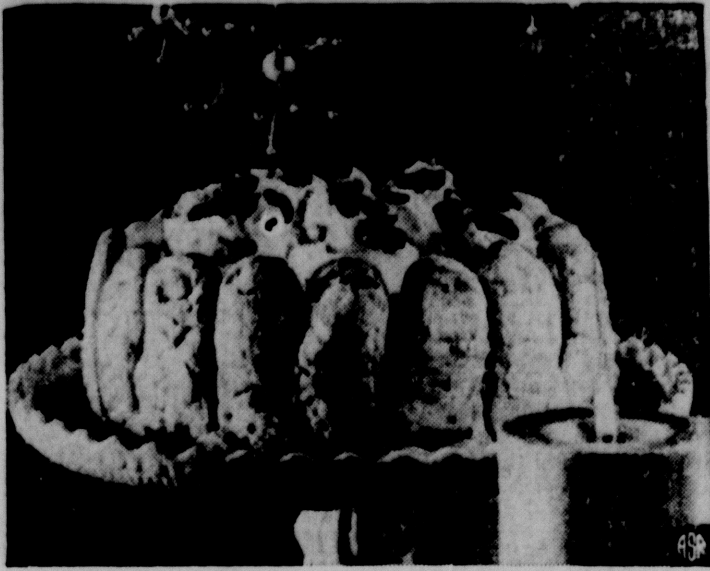

Burial was in the Milano Cemetery.

Mrs. James was a member of the Fellowship Baptist Church and had been a resident of Milano for 23 years. She was a WAC veteran of World War II.

Survivors include her husband, Fred James of Milano; her parents, Mr. and Mrs. Roy Corbin of Milano, two sisters, Mrs. Clifton Lake of Houston and Mrs. Frank Warren of Milano. Also three nieces and one nephew survive.

Palbearers were L. E. Love, Carlos Sloan, Harold Neal, E. C. Westbrook Jr., O. T. Bullock and Ray Miller.

Charlotte For Christmas

This Christmas, Charlotte Russe should be among those present at the festive table. This classic dessert is most spectacular — perfect for topping off the holiday meal. And because it is made with reliable unflavored gelatine, there's little cooking involved. Make it up ahead of time, and serve it for a merry finale to a merry Christmas.

- Charlotte Russe**
- | | |
|---------------------------------|---|
| 12 ladyfingers | 2 tablespoons brandy or 2 teaspoons brandy |
| 2 envelopes unflavored gelatine | flavoring |
| 1 cup sugar, divided | 1/2 cup chopped maraschino cherries, optional |
| 1/4 teaspoon salt | 1/4 cup chopped nuts, optional |
| 4 eggs, separated | |
| 2 1/2 cups milk | 1 cup heavy cream, whipped |
- Split ladyfingers; cut off one end and stand upright and place around sides of an 8-inch spring-form pan. Mix together gelatine, 1/2 cup of the sugar and salt in saucepan. Beat together egg yolks and milk; add to gelatine mixture. Place over low heat, stirring constantly, until gelatine dissolves, about 6 minutes. Remove from heat; add brandy. Chill until mixture mounds slightly when dropped from a spoon. Beat egg whites until stiff but not dry. Gradually add remaining 1/2 cup sugar and beat until very stiff. Fold in gelatine mixture. Fold in remaining ingredients. Turn into prepared pan; chill until firm. Release spring and remove sides of pan. YIELD: 12 servings.

Junior Class Play At Yoe High Tues.

The Junior Class play, *Susie the Siren*, will be held in the Yoe High School Auditorium at 7:00 p.m. Tuesday, December 21. Tickets will be 25 cents for all students and 50 cents for adults.

The play cast includes:

Barbara Jackson, Paul Willie, Sharon Darby, Dennis Woodum, Judy Schofield, Madeline McClaren, James Wilkinson, Wayne Hillman, Nancy Moody, Christy Clark.

Also Diane Provasek, Arthur Jistel, Tommy Barton, Charlotte McFarland, Billie Grimes, Morris Evans, John and Jack Glass, Trip Kuzel and Larry Shuffield.

Cameron Students In U Of T Concert

The Department of Music of the University of Texas, College of Fine Arts, presented a Christmas concert Sunday afternoon featuring The University Chorus and Concert Choir, The Austin Choral Society and the University Symphony Orchestra.

Included in the University Chorus for the program were Donna DuBois, daughter of Mr. and Mrs. Jack DuBois, Cameron, and Barbara A. Cheeves, formerly of Cameron.

Mrs. Ben Massengale and daughter, Mrs. B. D. White, were weekend guests of Mrs. Bud Reynolds in Rosebud while the men-folks were deer hunting.

Mr. and Mrs. H. Herman Ramke, Sr. request the honour of your presence at the marriage of their daughter Anna Marie to Mr. John S. D. Latour on Sunday, the twenty-sixth of December Nineteen hundred and sixty-five at five o'clock in the afternoon First Methodist Church Cameron, Texas

Family Income And Expenditure Trends Show New Patterns

COLLEGE STATION
Studies of family expenditure and income trends show new developments, says Mrs. Wanda Meyer, Extension home management specialist at Texas A&M University.

Figures reported by the Institute of Life Insurance on trends in consumer income over recent years indicate that for the first time, about half of all families now have an extra income in addition to what they earn on the job from self-employment.

The growth trend has been persistent among farm as well as nonfarm families. A second income from a variety of public and private "nonwork" sources helps supplement family incomes. Most of the sources of a second income are from savings and investments. Second incomes are found in lower income families, as well as middle and high-income groups.

Extensive surveys of family and individual consumer spending habits in 66 metropolitan areas conducted by the Bureau of Labor Statistics show that as family income grows, each additional dollar is spent differently.

As income rises, the proportion spent on food and shelter decreases. The proportion spent on clothing increases as income rises. Cost of operating the household, including furnishings and utilities, averages 16.2 per cent of the budget for those with incomes of under \$2,000. Intermediate income groups spend less on the household, while the increased use of domestic help raises the figure for high income groups to 17.1 per cent.

Expenditures for transportation increase from 7.2 per cent of the budget in the low income group to 16.4 per cent in the \$10,000 to \$15,000 group and drop off to 14.2 per cent for the \$15,000 and over category.

DON'T OVER-FEED YOUR DOG

Don't let your dog make a sucker out of you. Dogs are natural born moochers. They will try to wheedle food every chance they get.

Dogs should have no more than 4 meals a day from weaning to 4 months, then 3 meals from 4 to 8 months, and 2 meals a day from 8 to 16 months. From then on, only one feeding per day, with maybe a light evening snack.

...APPROVED

GUARANTEED TO STOP BATTERY TROUBLE WITH V-X-8

- ★ makes old batteries stronger
- ★ makes new batteries last longer
- ★ gives brighter lights
- ★ gives all-weather instant starting
- ★ gives increased power

MAKE THIS 10-SECOND BATTERY CHECK TODAY
Raise the hood of your car and look at the battery. A green or white formation around the battery or terminals means sulphation and sulphation means your car's battery is dying. You need V-X-8 immediately, or you will soon have to spend money for a new battery. If there is no sulphation, you can prevent it by adding V-X-8 now — it takes just a minute to increase the life of your battery by years. V-X-8 is backed by an unconditional money-back guarantee, for 6 or 12 volt batteries.

County Agent's Notes

Good Dairy Cows Yield High Return

By J. D. Moore

A good dairy cow will yield in her milk, per acre of forage consumed, more than five times as much energy and nearly four times as much protein as is contained in the beef gain made by steers from the same amount of feed. Because of this high return, dairy cattle will usually justify the use of high quality, properly fertilized, and well-managed pasture crops on the best land available, according to A. L. Novosad, Forage and Pasture Specialist, in his talk at the Dairy meeting held in Cameron on December 9.

Feeding and Management tips by A. M. Meekma, Dairy Specialist, emphasized the need for dairymen to understand the feed tag and to utilize the forage testing facilities at A&M University. According to Mr. Meekma, each time you increase the fiber content of a feed one per cent, you decrease the feeding value two and one half per cent. He gave as an example two commercial dairy rations both containing 16 per cent protein content. One had a fiber content of 8 per cent, the other 15 per cent fiber. The 8 per cent fiber ration would have a 52 cent greater feeding value due to the lower fiber content.

Mr. Meekma went on to emphasize that Dairy farming today is not only a mode of life, it is a business and requires a business-like approach. Today, dairy farming has become so specialized that the man who succeeds needs special talents, skill and understanding.

Some of these essentials for profitable dairy production include:
1. A true love for dairying and of

dairy animals, 2. An appreciation of quiet, patient, regular living, 3. An understanding of the importance of sanitation, 4. The ability to plan work well with particular attention to details, 5. A willingness to give the heard constant care and attention, 6. Adequate land, labor and equipment and in proper balance, 7. High producing cows, 8. A good year-round forage program, 9. Grain and forage balance and fed according to needs of the cows, 10. Available supply of good cows, 11. workable capital and interest rates.

Rogers PTA Meets, Hears Choral Groups

ROGERS
The Rogers Parent Teacher Association met Monday night at 7:30 p.m. in the cafeteria, with the president, Darwin Schwertner, conducting the meeting.

Mrs. Ernest Schiller, program chairman, presented the program. The P.T.A. prayer was given and the pledge of allegiance to the flag. Charles Comer, director of the music department, led various choral groups through the elementary school in Christmas music.

TEX. AGRICULTURAL PRICES

Prices received by Texas farmers and ranchers on Nov. 15 for all farm products were 251 per cent of the 1910-14 base, advised the Texas Crop and Livestock Reporting Service. This was down 3 points or 1 per cent from last month but 13 points or 5 per cent above prices at mid-November 1964.

Pecan, Food Show Winners Named

By J. D. Moore
Anton Anderle's Eastern Schley entry was Grand Champion Improved Variety and Mrs. J. D. Moore's success entry was Reserve Champion.

In the Native Pecan Division, J. C. Brashear Jr., of Cameron had Grand Champion entry and H. H. Linke of San Gabriel showed the Reserve Champion entry.

Other entries and placings were: DESIRABLE: E. J. Provasek, 1st, Anton Anderle, 2nd, Alvin Dusek, 3rd. STUART: J. L. Lester, 1st, E. J. Provasek, 2nd, Mrs. J. L. Foster, 3rd. SUCCESS: Mrs. J. D. Moore, 1st and Reserve Champion, E. J. Provasek, 2nd, Anton Anderle, 3rd. EASTERN SCHLEY: Anton Anderle, 1st and Grand Champion, H. H. Linke, 2nd, M. Fugh, 3rd. SQUIRREL'S DELIGHT: Anton Anderle, 1st, B. J. Matocha, 2nd, MAHAN: Anton Anderle, 1st, Mrs. Charlie Mayer, 2nd. CHOCTAW: Mrs. J. L. Foster, 1st, Mrs. J. D. Moore, 2nd, BURKET: Mrs. Frank Hanel, 1st, Aug. G. Kunz, 2nd. OTHER VARIETIES: S. C. Bland's Comanche, 1st, Anton Anderle's Western Schley, 2nd, Anton Anderle's Delmas, 3rd. NATIVES: J. C. Brashear, Jr., 1st and Grand Champ-

ion, H. H. Linke, 2nd and Reserve Champion, Mrs. Frank Hanel, 3rd.

Entries going to College Station for the state show on December 15 and 16 from the Cameron area, Anton Anderle, J. C. Brashear Jr., E. J. Provasek, and Mrs. J. D. Moore. Entries from the Rockdale area, S. C. Bland and J. L. Lester.

FOOD SHOW

By Anna Marie Ramke
There were 47 entries for judging in the Pecan Food Show. Winners in the Senior Division are as follows: Quick Breads: Mrs. J. B. Sapp, Cameron, Yeast Breads: Mrs. Foy Arrington, Rockdale, Cakes: Mrs. R. Bunker, Davilla, Candies: Mrs. Clyde Holliman, Rockdale, Cookies: Mrs. Beatrice Foster, Cameron, Pies: Mrs. J. B. Sapp, Cameron.

Winners in the Junior Division were: Cookies: Veronica Tepera, Candy: Madeline McLaren.

There were 150 visitors attending the annual Pecan & Food Show.

Judges for the Food Show were Mrs. Geneva Sharp, Home Economist for Texas Power & Light Company, and Mrs. Edith Perry Home Economist for Lone Star Gas Company.

4-H Club Notes

By Carol Ann Bennett

It's demonstration time again in Milam County. All 4-Hers that are planning on entering demonstrations in the 4-H County Eliminations should begin planning and preparing scripts right away since the county contest will be held February 19th.

Demonstrations may be given in all phases of agriculture and home economics as well as civil defense, safety, electricity, share-the-fun and public speaking.

4-Hers who are interested in preparing a demonstration should begin looking for a good subject. Fair magazines, newspapers, special agricultural and home economics bulletins are good sources for ideas and information.

Winners in the county contest will represent Milam County in the District 4-H Contest which will be held April 16 in Stephenville. First place Senior District winners will then go to College Station during 4-H Round Up to compete in the state contests. Scholarships,

trips, watches and other awards are given to many of the state winners.

If you have any questions about the demonstrations, contact your local adult leaders, Home Demonstration Agent, Ass't County Agent or County Agent.

The 4-H County Council Christmas Party will be held Friday night, December 17, at 7:30, at the Simon George Hall. All 4-H Club members are invited to attend.

"EYEBALLING" NOT ENOUGH

"Eyeballing" a herd for replacement heifers isn't good enough, says Walter Kruse, specialist in beef cattle management at Texas A&M University's Livestock and Forage Research Center at McGregor. Accurate records are a must for selecting quality replacements, he adds. These include birth weight, weaning and final weights.

General Economic Outlook Good For 1966, Says A&M Economist

COLLEGE STATION

Taking all factors into consideration, the year ahead should be one of vigorous and generally well balanced economic growth. That's the word from John G. McHaney, Extension economist at Texas A&M University.

The economist has just returned from the National Outlook Conference held in Washington, D. C. with facts and figures to back up his forecast.

There will be increases in total employment and consumer incomes, he says. The gross national product is expected to continue upward at a rate in line with the increase of the past year. Increased private investment in new plants and equipment larger government purchases of goods and services, and further expansion of consumer expenditures are expected to make their contributions to the advance.

McHaney sees no great changes in residential construction nor in the net exports of goods and services.

Estimates now indicate that industry will spend \$55 billion for plant equipment in 1966. This is \$4 billion higher than estimated capital spending in 1965 and more than \$10 billion over 1964.

The economist says government demands for goods and services are expected to provide some increase in the year ahead. Total government purchases have been rising around \$1.5 billion per quarter since the end of 1963. Most of this has come from increased spending by local and state governments. Federal spending has been relatively stable during this period but has increased in recent months as a result of larger defense outlays.

The upward advance of local and state government purchases is expected to continue in 1966 as is federal spending for defense requirements, says McHaney.

HAPPY BRIDE... she's moving into an ELECTRICALLY HEATED HOME!

Happy bride... happy groom... smart couple because they've selected flameless electric heating for their new home.

Electric heating provides amazingly even temperature control... no cold spots or sudden drafts of hot air. It lets furniture, walls and curtains stay fresh longer because there's no fuel combustion.

Cost? Electric heating is your best buy today and in the years ahead. Electricity is the only fuel whose cost trend has been consistently downward... now less than half that of 25 years ago... and TP&L's home-heating rate is now as low as 1¢ per kilowatt-hour.

Like to know exactly what it would cost to heat your home electrically? See any of the firms in your area displaying the "Certified Electric Heating Dealer" emblem... ask about the written two-year guarantee on the cost of operation of an electric heating system and all other electrical equipment in your home.

So perfect the

SUBSCRIPTION RATES: Milam Trade Area: \$3.00 per year, Outside Milam County: \$4.00 per year. Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published every Thursday.

Milam 'Money Tree'

Everyone should visit the Milam Pecan Show, held annually to compare the best of an often overlooked money crop in this area. Last Saturday was an example.

The samples of some 20 varieties among several times that number in entries testify to the excellence of this "nutty" business in Milam County. The size and quality of the local pecans make the average store-bought pecan small by comparison.

Of course these varieties end up being sold in great quantity in stores, but some of the contest varieties really look "larger than life."

How many thousands of dollars added to the area economy with relative ease

is unknown, but like the trees themselves, it bears consideration.

There is hardly any other commodity that means extra income to the grower with as little effort in the harvest. Some argument would arise, we're certain, on improving the varieties with proper tree care, but not many farmers can look up at a tree and watch the crop grow.

Some of the more proficient pecan growers show quite a neat, net income from their annual crop. And a lot of people, mostly people in cities, pay a premium for the fruit from this Milam money tree, which is taken for granted here.

Too Collective A Point

The sociologists--professionals who work with group social problems--are learning that mass treatment and mass education, including the prospective bright leader, produce either a generation of vice-presidents or technical advisors.

So says John W. Gardner, U.S. Secretary of Welfare: "We don't want to be led by 'Men of Destiny' who think they know all the answers. Neither do we wish to be led by 'Nervous Nellies.' It is a matter of balance. We are no longer in much danger, in this society, from 'Men of Destiny'. But we are in danger of falling under the leadership of men who lack the confidence to lead."

Mr. Gardner sums it well. His department of federal government is in an excellent position to assess the effect of collective efforts, both private and public, to solve society's problems through expert analysis and government action.

He states further that American colleges and universities continue discouragement of leadership potential because "with society itself."

Bright young people choose the profession, the academic life or the staff job, he points out. But where does the

bright leader emerge?

Capable leadership used to be relatively simple, before complex social, political and economic forces exploded with the population.

A good man could say, simply: "Follow me", and get something done. Now he must consult, and ponder the eventualities, and accepts frustration if he is to lead at all. Finally, he might choose the advisor's role, leaving a pyramid without a pinnacle, a phalanx without a point. And a great deal of counsel fumbles and falls.

Mr. Gardner sees this, and thank goodness he is describing from his view what he sees.

Government thus joins corporate leadership in seeking "a way in" rather than out for the man who has the mind sharp enough to cut gross red tape, but who lacks the freedom to wield his scissors.

The bureaucratic mentality may be a creature of the Washington federal megapolis, but it has its equal in business and industry and labor and education and the professions. And each would point to economics as the villain.

But it would be a collective point, and that's ours.

MAN WITH A DECIPHERING PROBLEM

Dateline Austin

195 Will Be Killed During Holidays

By Vern Sanford

AUSTIN About 110 persons will be killed in Texas traffic accidents during the 10-day Christmas-New Year holiday. That's the prediction of Col. Homer Garrison, director of the Texas Department of Public Safety.

In addition, the DPS chief says statistics indicate there will be 43 homicides and suicides. Also 42 deaths from accidents other than traffic. This means a total violent death toll of 195 if Garrison's predictions come true.

He appealed again to drivers to make an all-out effort to reduce the traffic toll by observing traffic laws and rules of safety.

Every available highway patrolman will be on duty throughout the holiday period, Garrison said. Several other organizations and state agencies are cooperating to focus attention on the need for safe-driving practices.

The annual Operation Deathwatch will begin at 12:01 a.m. Dec. 24, and will continue through 11:59 p.m. Jan. 2, to remind motorists of the dangers of holiday travel.

HIGHWAY BUILDING SOARS

Texas Highway Department expects to close out the year with total construction running more than \$329,000,000. It's the second highest year for road building in Texas' history. Last year's expenditure for highways was more than \$340,000,000—a record.

At contract lettings last week the State Highway Commission tabulated low bids of \$23,300,000 on 38 projects. About \$4,100,000 will go to develop or improve 125 Farm-to-Market roads.

Included were the following: Construction of a west frontage road on Interstate 35 from Laredo to near U.S. Highway 83 in Webb County, with an estimated cost of \$1,070,000.

Surfacing on a 19-mile section of Interstate 20 near Monahans in Ward County at an estimated \$962,000 cost.

Construction of a street type section of Farm-to-Market Road 105 in Vidor in Orange County, including grading, structures and surfacing.

Grading, structures and surfacing, estimated at \$1,600,000, aimed at making a complete expressway facility of a 1.6 mile section of Interstate 35 near Elm Mott in McLennan County.

An estimated \$120,000 will go for embankments along U.S. Highway 59 in Fort Bend County near Sharpstown.

Commission heard a variety of new-project proposals including a Padre Island road and causeway from Port Mansfield, ramps and overpasses on U.S. Highway 75 to aid industrial development in the Sherman area, construction of U.S. 59 through Montgomery County, a multi-lane divided U.S. 87 from San Antonio's east city limits to the Wilson County line, and expansion of highway routes in Del Rio.

LAND BOARD GETS LATE PAY

State Veterans Land Board accepted overdue payment of \$11,490 from Irving millionaire C. Wyche on his land purchase of 1,109 acres in Dimmitt County and gave him 30 days to settle back taxes.

Land Commissioner Jerry Sadler said Wyche has paid \$37,000 on his \$191,000 purchase. Sadler says the state will get all its money from the tract which once was involved in the veterans land scandals of a decade ago.

NEW RULES PROPOSED

Strong objections to new rules proposed by the State Board of Insurance have come under a lot of fire by representatives of burial associations and other mutual associations.

Rules would require deficiency funds—those showing the gap be-

tween actual reserves to pay claims and the total amount of possible claims—to be inked down in bookkeeping.

Purpose is to find out what type of insurance has more policies out than there are dollars to pay, should these policies all come due.

APPOINTMENTS

Gov. John Connally has made four appointments to the State Advisory Hospital Council. It assists the State Health Department in administering the Hill-Burton hospital construction aid program.

Named were Joe Albritton of Houston, Ray Hurst of Austin, Frank Oltorf of Marlin, and Sister Elizabeth of Dallas. Hurst is a re-appointment.

Hill Baggett of Lubbock was sworn in as a member of the Board for Lease of State Parks Land following his appointment by Atty. Gen. Waggoner Carr.

LEASES TOTAL MILLIONS

Board of Lease for University lands leased 45,471 acres for \$8,500,000 or an average of \$188 per acre. This was the most profitable oil-and-gas-lease sale by the

agency in years.

Humble Oil Company bid \$2,500,000 on a drilling block in Ward County. There a single tract brought \$338,000 and another \$336,000.

These receipts boosted the University permanent fund to over \$459,271,680. Of this sum \$35,700,000 was added in 1965. Next lease sale is set for June 23, 1966, in Austin.

COURTS SPEAK

State Supreme Court gave the City of San Antonio another chance to argue its case for water from Canyon Dam. This dam is located on the Guadalupe River near New Braunfels.

Court granted application for writ of error sought by the city in its long-standing fight with the Guadalupe-Blanco River Authority over Canyon waters. Hearing was set for February 23.

San Antonio is challenging the old Texas Water Commission's order which awarded the river authority 50,000-acre-feet of water per year from the reservoir. San Antonio challenges the lower court rulings that the Commission is authorized to allow G-BRA to make releases to cities downstream on the Guadalupe.

High court, in ruling on a case involving tax on vending machines at Fort Hood near Killeen, said the state cannot tax property on military reservations ceded to the federal government.

Court of Criminal Appeals affirmed the death penalty assessed Calvin Sellers in the torture robbery of Mr. and Mrs. Mair J. Schepps, wealthy Houstonites.

ELVEN NEW SENATORS

It looks like Texas is going to have at least 11 new Senators after 1966 elections, and the redistricting of the state into 31 new districts.

Ambition for higher office, as well as redistricting, will contribute to the turnover, but the redistricting will account for most of it.

The new districts will pit some of the giants of the Senate against each other, as the once separate districts now are fused into one, and the Senators of the old districts must compete against one another under the new plan.

ATTORNEY GENERAL RULES

In three separate opinions, Attorney General Carr interpreted provisions of the controversial new Code of Criminal Procedure which becomes effective January 1.

Carr held that: 1) A prisoner arrested at night does not have to be taken before a magistrate until regular daylight office hours.

2) Examining trials must be made a matter of record, but the record can be prepared by a magistrate or anyone the magistrate

OLD PHILOSOPHER

J. A. Wants Farmers To Have At Least Same Protection As Wildlife In The Game Preserves

Dear editor:

I'd had this big Sunday newspaper around for a while but hadn't opened it on the theory a man shouldn't put off till tomorrow what he can put off till the day after that. This principle might never have produced color television but it wouldn't have produced the atom bomb either, and during a lull in things out here—you may wonder how I can tell between a lull and any other time, but I can do it—I opened it up and started reading.

Over on an inside page there was one of these long articles looking into the future of life on this earth a hundred years from now.

According to it, there are 36 million square miles on earth worth using, excusing deserts, polar regions, mountain tops, and possibly Red China, although it wasn't mentioned, and man is going to have to figure out how to handle this usable land. He can't just keep on multiplying and let-

appointments for the purpose.

3) After January 1, State Mental Hospital heads cannot furlough, transfer or discharge patients committed on jury finding of insanity. When hospital chief finds a patient sane, he must thereafter notify the court which ordered commitment and await jury determination.

Now if I understand this, wildlife will have one third, people one third, and farmers and ranchers a third.

While I have never bothered to distinguish between people and farmers, this looks like somebody is coming close to it, and while I don't object to how I'm classified, what I want to know is why do they let wildlife go tax-free and keep us farmers on the rolls?

Since less than 10 per cent of the population in this country is now classified as farmers, a figure hardly worth bothering with, certainly not big enough to swing an election, why doesn't Washington go ahead and declare all rural areas sanctuaries for farmers and ranchers, who're entitled to the same protection as wild geese, mocking birds, and whooping cranes?

I'm sorry I opened that newspaper. Sometimes it doesn't even pay to put off something till the day after tomorrow.

Yours faithfully,
J. A.

British automotive sportsman R. R. C. Walker knows cars, but one thing he didn't know was how quiet the '66 Ford is.

"1966 Ford quieter than my Jaguar? Not jolly likely!" said Rob Walker

... then he drove the Ford.

Ford's Quiet Man, who recently demonstrated the 1966 Ford to owners of some of the world's most expensive cars, here discusses the '66 Ford LTD with Rob Walker at his family's estate in Wiltshire, England.

"Astonishing... I believe this Ford of yours really is quieter!" exclaimed Rob Walker, famed British automotive sportsman.

Ford's quiet ride is the result of built-in quality and overall engineering excellence. Other examples of this engineering magic from Ford are: ■ New Stereo Tape Player option with easy-loading cartridges. ■ New Magic Doorgate on wagons—swings out like a door for people and down like a tailgate for cargo. ■ Silent-Flo Ventilation, standard on Ford 4-door hardtops, gives open-window freshness with all windows closed. ■ Quiet-test a '66 Ford, at your Ford Dealer's.

HEFLEY-STEDMAN MOTOR COMPANY

115 North Houston

Cameron

Mrs. Lynch, in good health and apparently with many good years ahead of her, will spend more time with friends and family, she says.

A few of the things said about Mrs. Lynch: "We are losing the best cook in the state," "Can that Mrs. Lynch fry chicken like nobody's business!", "Nobody but nobody can make turkey dressing like Mrs. Lynch", "How can she tell how much food to prepare?", "The children always come first in her life."

SPIN-FISHING TIP

Those loose coils of line that form around your spinning reel spool, when you're retrieving a surface lure, may be avoided by putting more tension on the line as you reel it in.

You can keep up this tension with the fingers, or by holding the rod tip high.

Mrs. Lynch, Rogers, Will Retire From Lunchroom After 27 Years

ROGERS

Mrs. Willie Lynch of Rogers will retire from working in the lunchroom of the Rogers Public Schools Dec. 31, 1965, after a tenure of 27 years. When the school lunchroom was first started in Rogers, the price of a lunch to the children was 7 cents, and the lunchroom served about 150 children. During those hard depression days, Mrs. Lynch remembers that something like one-third of the children had to be served free lunches. Her work has been practically the same as the history of the lunchroom.

The first lunchroom Rogers school system had was made in the "coal room" of the old two-story building that was demolished in 1942 to make way for a new building. The room became available then as the school board started heating the school with gas heat. Everyone was pressed into service cleaning up the coal room, sealing it with flattened cardboard boxes, papering and painting over that, and scrubbing the floor until "we nearly wore it out." The Rogers PTA sponsored the first lunchroom.

Equipment was obtained for the first lunchroom with "kitchen showers," children bringing a few knives, spoons, and forks from home, the gas company donating a cookstove, men and the FFA boys and teacher building the tables and benches. The PTA officials went to Somerville to the once famous Harvey House and bought some equipment and supplies. Most of the food at first was government surplus.

While the building program at the opening of World War II was going on, the lunchroom was moved to the Masonic building, downtown, Mrs. Lynch relates, and the number served fell off considerably. Then Mrs. Lynch and the others moved into the basement of the "new building," now the main building, had a hot water heater for the first time, and purchased new ranges and new refrigerator, etc.

In 1946 Mrs. Lynch tells about the school moving a barracks building from Hearne and making a lunchroom of it. It served the purpose until the new air-conditioned cafeteria was built in 1963. The lunchroom now averages more than 400 servings per day, at 25 cents each in a lunch ticket, or 30 cents straight.

Mrs. Lynch has been the lunchroom manager practically all of these 27 years. She never calls upon principals and teachers to take a count to tell how many students to prepare for, and yet she always has enough food for everyone and never any waste.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

THE WORK BENCHES OF GOD

Christians are not turned out on assembly lines.

The skill and patience of many a human soul, the blueprint of Christ's own example, and the unseen but mighty craftsmanship of the Creator Himself—these over the decades bring forth a noble Christian life.

There must be understanding, guidance, faith. There must be a Christian home with sincere, loving parents. There must be prayer, the Bible, worship, thought, study. And at length practice and persistence must win many a victory over self before the world begins to recognize the hand of God in the life of a man.

Nearby in the church you will choose, there are busy hands at the work benches of God.

And room for more—your child's and your own!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	119	97-105

THE FAMILY LAWYER

Alibi simply means "elsewhere." In popular usage, it also has come to mean an excuse of any kind. But not in the courtroom. There, an alibi is only one specific kind of an excuse: that the defendant was elsewhere when the crime was committed.

Thus: "I didn't know the gun was loaded" is not an alibi. "I couldn't stop the car in time" is not an alibi. But "I wasn't there" is an alibi. Of course, absence alone is not a defense in every kind of crime. A man might mastermind a bank holdup, yet leave the deed itself to his henchmen. Or a man might commit arson with a delayed-action fuse, allowing him to be sunning himself at the beach when the fire starts.

Clearly, absence from the scene of the crime, in such circumstances, is not a good defense.

Nor is an alibi effective if it leaves open a reasonable possibility that the defendant—by hurrying—might still have committed the crime.

For instance, a man who proved that he picked up his girl friend

at 9 p.m. was held not to have established an alibi for a murder committed at 8:45 p.m. The court noted that the girl lived less than 15 minutes' driving time from the scene of the murder.

But if the crime did require the defendant's actual presence at the scene, and if he can prove he wasn't there, then his alibi is airtight.

Unfortunately, when it comes to proof, an alibi is the kind of defense that may be easily faked. Many a rascal has come to court with a made-to-order alibi, based on the convenient "recollection" of obliging friends.

Nevertheless, while the law takes account of the danger of fraud, it also gives full weight to an alibi that is fairly established.

"Alibi is not only a proper defense," commented one court, "but to an innocent man is always an essential defense, and indeed it may be his only defense."

SELF ANALYSIS QUIZ

How Much Do You Know About Happiness?

By Jane Sherrod Singer

The University of Chicago's National Opinion Research Center conducted a wide and extensive survey of the factors which contribute to happiness. With answers based on their findings, would you say the following statements are true or false?

- | | | |
|--|-----|-----|
| 1. Women are more sensitive than men. | () | () |
| 2. Education is a positive factor in happiness. | () | () |
| 3. A good marriage, satisfying job and freedom from anxieties raise a person's positive feeling of happiness. | () | () |
| 4. Money is an important factor to happiness. | () | () |
| 5. As people grow older, they tend to become happier. | () | () |
| 6. Belonging to group activities raises a happiness-level. | () | () |
| 7. Being outside your home, for example taking a trip or eating out, creates a sense of happiness for most people. | () | () |
| 8. Television is an escape through which most people find a new sense of happiness. | () | () |
| 9. Going to church or finding other spiritual outlets is an avenue to contentment. | () | () |
| 10. Talking to friends and relatives is usually depressing. | () | () |

- TRUE: But the differences between the sexes is not too great. Many men are more sensitive than some women.
 - TRUE: Education seems to make people aware of their emotional environment and more able to control it and to operate within the circumstances.
 - FALSE: Not necessarily, but the absence of any one factor leads to unhappiness.
 - TRUE: It is an important "prop" to happiness. According to researcher Dr. Norman M. Radburn, "Among the poor it might be said that life ends at forty."
 - FALSE: According to the study, the poor, the uneducated and the old tend to be emotionally flat and unhappy.
 - TRUE: While this is more generally true with women than for men, it works with both sexes.
 - TRUE: As in answer 6, women respond more to these outside activities than men.
 - FALSE: People who are young, well-educated and have a reasonably good income are less happy if they watch television.
 - TRUE: Going to church or being a part of a religious experience increases the positive feelings of those tested on the study.
 - FALSE: A talk or a visit with family or friends usually increases one's positive feelings.
- To sum it up, co-researcher Dr. Peter Rossi, Head of the Research Center says, "This study confirms that 'no man is an island,' that happiness in some measure comes from being with and depending on other people. Our feelings come in many respects from our relationships with others . . . You cannot stand entirely alone in the twentieth century and have a good chance at being happy unless you are an extraordinary person."

Safety Tips From Hiway Patrol
For Holiday Highway Travel

By William Tippit

Safety Education Service
For a happy and safe holiday trip:

1. Check the ten safety features on your car before starting. They include tires, brakes, steering, headlights, tail lights, turn signals, wind-shield wipers, windshield washers, and defrosters, horn and exhaust system.

2. Install seat belts and most important use them on any trip.

3. Plan your trip. Check road maps for the best highways and follow them. Remember, short cuts often mean travel on winding country roads. Extra dangers prevail on these roads in the form of farming equipment, steep hills and sharp curves.

4. Travel in daylight hours. Traffic dangers double after the sun goes down.

5. Make reservations ahead for overnight stops. This prevents speeding to reach hotels, motels and tourist courts before the No Vacancy sign appears.

6. Clean the inside of your automobile. A bottle rolling under the brake pedal or accelerator has been known to cause fatal accidents.

7. Load your car carefully. Ob- jects on rear window ledges and

dash boards can take a driver's attention from the road in case of a sudden stop when they fly through the air.

8. Change drivers at least once every one hundred miles. If there is but one driver, two hours is a reasonable limit to drive without a rest stop.

9. Obey traffic laws in every state you travel in. Statistics show that traffic accidents seldom happen when traffic laws are obeyed.

10. Last, but far from least, leave an itinerary of your trip with a neighbor or relative. Also, leave the license number, make and model of the car you are using. You may have to be located immediately. With this information the Texas Highway Patrol will be more able to serve you in the event of an emergency.
